An innovative visual cooking language adapted for kids

Weighing, measuring, reading a recipe with complicated words are barriers for young children. With our measuring cup system and illustrated step-by-step instructions, children as young as **4 years old** are able to make recipes all by themselves. It is magic!

HOW DOES IT WORK?

Each cup is represented by a **character**.
Each character corresponds to a **different measurement**.
The steps in the book illustrate which cup to use for **each ingredient**.

Today, **over 150,000 children** have adopted **Chefclub Kids**.
They learn to cook, gain autonomy and above all,
have fun with the family.

CHEFCLUB MEASURING CUPS

STARTER KIT

These 6 cute and innovative measuring cups simplify cooking for young kids by making it a visual and fun learning experience. Each measuring cup is represented by a character of the Chefclub Friends. Five illustrated recipes come with the cups: ingredients and their respective weight are visually called by the Chefclub Friends, as the recipes progress step-by-step. An innovative visual cooking language that young kids can understand instantly.

- ✔ **Booklet** with 5 simple and creative illustrated step-by-step recipes.
- ✔ **6 Chefclub Measuring Cups** in plastic, **BPA free**.
- ✔ Interactive e-book: access to the Chefclub app for the **recipe videos**.
- ✔ For kids aged **4 and up**.

COOKING WITH KIDS IS COMPLICATED?

Not anymore!

We all know that children love to help in the kitchen. Yet, **their contribution is often limited** because nothing is really adapted to them.

We design ingenious products that allows children to make **recipes independently**.

"Ideal for children to fall in love with cooking while giving them more autonomy. Simple and fun to use with the book and measuring cups. A guaranteed moment of family sharing!"

- Laura, Harry and Olivia's mom

KID'S CHEF KNIFE

Kids can finally **cut food safely** with their own real cutting knife! It is designed to provide maximum safety and boost **kids' autonomy** in the kitchen. It has an ergonomic handle that keeps fingers away from the blade and provides an excellent grip for both right and left-handed cooks, a finger guard adapted to the size of small fingers and a round-tipped blade for added safety.

- ✓ An **innovative kitchen knife** adapted to the needs of little chefs.
- ✓ A **handle that protects all 5 fingers** of the hand holding food.
- ✓ A **rounded stainless steel blade** that cuts all types of food but not fingers.
- ✓ A **finger guard** that protects the ingredient-holding hand and **teaches the proper chopping technique** used by professional chefs.
- ✓ A **blade guard** for cut-free storage.
- ✓ For kids **aged 7 and up**.
