IMAGINATION IS OUR BEST FRIEND!

WELCOME TO THE LAND OF FAIRY TALES

Den Goda Fen was founded by Helena Vis in 1997. Since 2014 the brand is owned by Robetoy. Den Goda Fen is a brand creating imaginative and playful children costumes, for kids between 1 and 10 years old.

The line holds both Halloween favourites such as witches and skeletons, work play-outfits like polices and astronauts and a wide range of animal capes and costumes. The brand is built around a concept of creating the "land of fairytales", where children can become whatever they wish for, a place where playing and creating is always the main priority.

As a customer of Robetoy, you can shop all of Den Goda Fens line in our web shop, and also get access to exclusive marketing material from the land of fairytales. Welcome to join us. Ready, set - imagine!

RAOWR - YOU'RE NOW IN DINOSAUROPOLIS

Hop on, we are going on a journey in time! More specifically, we are going back over a million years in time, back to when the dinosaurs ruled the world. And with a little bit of fantasy, so did the dragons.

Our dragon and dinosaur costumes have everything that we are proud of about Den Goda Fen. The playful design, the play-enduring quality and the clever details. Not to mention the magic ability they all have to boost imagination.

The Dinosaurs and Dragons comes in many different shapes and sizes, both as our popular capes and as jumpsuits. And guess what? They suit children all the way from 1 to 8 years old.

PLAY (AND) WORK!

Where do parents go during the day? They go to Jobville of course!

Even in the land of fairytales, the characters got to work. There are different kind of heroes, like doctors and fire fighters, but also the astronaut hunting for stars and the police who is making sure that everyone is being kind to one another.

Just like most work wear these are all meant to be worn day in and day out. Just like the rest of the pieces from Den Goda Fen, these are all washable, safe to play in and comfortable enough to both climb trees and to sleep in.

TRICK OR TREAT?

To no ones surprise, Halloween is our favorite occation of the year. Whilst the temperature is getting low and we get to snuggle up in comfy jumpsuits and cuddly mini capes, we also get to celebrate the joy of dress-up in fancy dresses and scary costumes.

Our Halloween collection has grown bigger and bigger the last couple of years, and we are now proud to say that we can offer everything from pumpkin costumes to sparkling spider dresses. And add to that, the clever cool accessories that are a part of the collection too.

Many of the pieces from the collection has now grown out of being bound to just one season, to being bestsellers all throughout the year. The witches and bats just could not put up with only getting to play in the fall. We understand them.

COLLABORATIONS

Meet Den Goda Fens new friends! We are proud to collaborate with the following brands:

BABBLARNA

Babblarna was our very first collaboration, and along with that we got six new friends. Bobbo, Diddi, Doddo, Dadda, Bibbi and Babba are all full with both personality and colour, which has translated perfectly into our bestselling mini capes. The joy we see in the eyes of a child each time they try on the capes is the best proof there is that this collection is nothing but a hit.

BOLIBOMPA

With this collaboration we decided to create both a mini cape and a jumpsuit, with all the same qualities and refinements as the pieces from the rest of our collection. The result is definitely a match made in heaven. Want a challenge? Try to put this on a child and NOT have them do the dragon dance (we have not ourselves succeeded until this day).

LILLA SPÖKET LABAN

One of the most beloved classic children stories of Sweden - how could we ever resist the honor of making cuddlies and costumes out of this? The result are four timeless products that might look like ghosts, but are not even a little bit scary - but just as kind and warming as Laban himself.
